OBJECTIVE

Highly motivated second year software engineer student currently seeking internship roles, who:

- Well-developed analytical skills, problem-solving and decision-making skills via internships.
- Experienced in delivering exceptional customer service, with strong written and verbal communication skills developed through roles as a university peer mentor and sales associate at Myer and David Jones.
- Excellent time management skills developed from rich working experiences during the study.
- Proficient in Database Programming by MySQL and experienced in using Python and Java.
- Fast learner and self-motivated individual who is good at stress management and excited to work in team-oriented environment.

CORE COMPETENCE

Technical skills   Java, Python, CPP, SQL, Tableau, JavaScript
Soft skills   Problem Solving, Permeance, Creativity, Communication, Personable, Resourceful

EDUCATION

Master of Computing and Innovation   **July 2022 – Present**
University of Adelaide
GPA - 6.5/7 (High Distinction)

Bachelor of Commerce (Finance, Mathematics and Statistics)   **Feb 2019 – July 2022**
University of Western Australia
Grade - 5.6/7 (Distinction)

WORKING EXPERIENCE

Robotic developer Intern, Robotic Competition Team   **Mar 2023 – present**
CNRS (IRL Crossing), Adelaide

- Developed logic components for robot control algorithms using C++, resulting in improved accuracy and efficiency in competition settings.
- Utilized SQLite databases to update relevant robotic queries and data, ensuring real-time accuracy and optimal performance.
- Collaborated with team members to brainstorm and troubleshoot technical issues, contributing to a positive team environment.
- Employed Python programming to identify and rectify bugs within the robot control algorithms, enhancing the overall reliability and stability of the robotic systems during critical competition scenarios.

Data Analyst, Asset Management Division   **Dec 2019 – Feb 2020**
Essence Securities Corporation, Shenzhen

- Conducted comprehensive analysis on credit risk events and generated daily reports on negative credit risk information.
- Used MySQL database to extract and manipulate data for analysis, including responding to ad-hoc requests from team members and stakeholders, and developed insights that were presented to individuals with varying levels of technical expertise.
- Demonstrated excellent interpersonal skills, including the ability to present ideas to different audiences and communicate effectively with team members and stakeholders.
- Assisted the team leader to complete other operations-based tasks, not limited to roadshow preparation and company ratings reporting.

Retail Sales
(David Jones, Adelaide)   **Sep 2022 – Mar 2023**
(Myer CBD, Perth)   **Sep 2021 – May 2022**
- Developed excellent oral communication skills by conveying products feature and benefits to customers and cooperating with other team members.
- Collaborated with a team of sales associates to create a welcoming and inviting environment for customers, resulting in high levels of customer satisfaction and loyalty.
- Supported loss prevention goals by maintaining accurate drawers and monitoring shopper behaviours.

EXTRACURRICULAR ACTIVITIES

International peer mentor   **Sep 2022 - Present**
University of Adelaide
- Help commencing students navigate the challenges of commencing University life; furthermore, offer guidance, support, and encouragement to assist in creating the smoothest possible transition.
- Maintain regular direct contact, as well as being responsible for mentees. Whenever necessary, refer them to relevant and appropriate university services.
- Actively participate in events wherever possible, such as orientation and resource packaging shift

Committee for P2P team   **Feb 2021 - June 2022**
UWA Australia-Chinese Youth Association
- Manage social events organised by the P2P team such as the "ACYA annual ball | ACYA Cocktail Night".
- Direct fund-raising activities and record new membership information regularly.
- Build up connections between international students and local community.
